# SUBLEASE AGREEMENT

*Residential sublease of part of a lease term (Connecticut)*

Date of Sublease: **May 10, 2027**

## PARTIES, PREMISES AND TERM

**1. PARTIES AND PREMISES.** Sublessor: **Alex Kim** (the tenant under the Master Lease with **Elm City Residences LLC**). Subtenant: **Jordan Rivera**. Premises: **77 Bulldog Lane, Unit 4B, New Haven, CT 06511**, furnished, including the bedroom, living room, kitchen and bathroom.

**2. MASTER LEASE AND LANDLORD CONSENT.** The Master Lease dated **July 10, 2026** is incorporated into this Sublease. The Subtenant has received a copy and agrees to follow its rules (no pets, no smoking, quiet hours 10 p.m. - 7 a.m., guests no longer than 7 consecutive nights). The Landlord gave written consent to this Sublease on **May 3, 2027** (copy attached). If this Sublease conflicts with the Master Lease, the Master Lease controls.

**3. TERM.** The term begins on **June 1, 2027** and ends at 12:00 noon on **July 28, 2027**. There is no automatic renewal. Either party may end the Sublease early with 14 days' written notice; rent is then pro-rated by day.

## MONEY

**4. RENT.** Rent is $**1,950.00** per month, due on the 1st day of each month, paid to the Sublessor through Rentrail. Rent for July 1 - July 28, 2027 is $1,950.00 (no pro-rating for the final 3 days). A late charge of $**25.00** applies if rent is not paid by the 5th.

**5. SECURITY DEPOSIT (ESCROW).** The Subtenant pays a security deposit of $**1,500.00** into Rentrail escrow at least 7 days before move-in. The deposit is held for the Subtenant's benefit and is not paid to the Sublessor during the term. Within 21 days after the Sublease ends, the deposit plus accrued interest is returned, less only (a) unpaid rent, (b) unpaid utility shares under section 6, and (c) the reasonable cost of repairing damage beyond normal wear and tear caused during the term, with an itemized statement, as required by Connecticut General Statutes section 47a-21. Amounts that are proven but not yet priced may be held in escrow until a repair invoice is shown.

**6. UTILITIES.** Heat, hot water, water, sewer, trash and internet are included in the rent and stay in the Sublessor's name. Electricity stays in the Sublessor's name with the electric utility; the Subtenant reimburses the Sublessor for electricity used during the term, pro-rated by the number of days of each bill that fall within the term, within **10** days after the Sublessor shares the bill through Rentrail.

## CONDITION, KEYS AND INSURANCE

**7. CONDITION, HAND-OFF AND RETURN.** On the first day of the term the parties record a hand-off inspection (photos and/or a walkthrough video of every room) in Rentrail. On the last day they record a return inspection of the same spots. Damage not shown in the hand-off record is presumed to have happened during the term, unless it is normal wear and tear. The Subtenant must report any damage or needed repair to the Sublessor in writing within 48 hours.

**8. KEYS.** The Sublessor gives the Subtenant **1** apartment key and **1** building fob. Both must be returned at the return inspection. A lost key or fob is charged at the Master Lease rekeying cost of $**75.00**.

**9. INSURANCE.** The Subtenant must carry renter's insurance with personal liability of at least $**100,000** per occurrence for the term and show proof before move-in.
